### SUMMARY

---

Experienced Front-End Developer with 10+ years of expertise in building custom Shopify themes and delivering intuitive front-end solutions using advanced technologies and best practices.

### WORK EXPERIENCE

---

#### Intermediate Developer

Pixel Union | July 2019 - October 2024

- Customized Pixel Union Shopify themes by creating new features, templates, and sections adhering to Shopify standards, while optimizing theme performance, accessibility, and code quality.
- Updated and maintained internal packages, libraries, and shared components, reducing technical debt, and accelerating team development cycles.

#### Intermediate Web Developer /

#### Technical Support Supervisor

Out of the Sandbox | March 2016 - July 2019

- Developed Out of the Sandbox Shopify themes while addressing technical challenges through efficient debugging and collaborative problem-solving.
- Supervised daily technical support operations, overseeing issue resolution, ticket escalation, and staff training, resulting in improved resolution rate and faster response times.

### EDUCATION

---

#### Interactive Multimedia Development

Algonquin College

Ontario College Diploma in Digital Media, focused on web development, graphic design, photography, and motion graphics.
